Stock List Edges Forward Slightly; Trading Moderate

Rally in Final Hour Gives Plus Sign to Most of Market Leaders

NEW YORK, July 16 —(AP)— The stock market pecked away at super resistance levels today with only modest success. A handful of specialties held the van, while most of the list fluctuated narrowly. A better tone in the final hour of trading left plus signs in the ascendancy in most of the active issues, although for the day, as a whole, there were somewhat more declines than advances. Outside stimuli were at a minimum and trading appeared to be of a rather routine character. The volume in the stock exchange remained under the million-mark at 913,550 shares.

Bonds followed the stock market pattern with a steady performance. Secondary rails scored small advances in a number of cases. U. S. government obligations were well taken late in the day at minor gains.

Neither commodity nor security markets appeared to regard as of any immediate market significance the decision of the federal circuit court of appeals at Boston declaring the A. A. A. unconstitutional on the ground that it constituted an invasion of states rights. A supreme court test of the law toward the end of the current year was looked for in legal quarters.

Some encouragement was derived in the financial district from the persistent report that congress might adjourn in the fairly near future without waiting to complete all pending business. Business news played small part in the day's market movement.

Considerable comment was heard in investment banking circles regarding the offering today of a block of 60,000 shares of the common stock of Allegheny Steel by an underwriting group. The shares did not represent "financing on the part of the company, but were taken over from three large holders. It was regarded as encouraging by many observers, however, that a banking group was willing to offer an equity issue, even though it did not represent "new money." The bond refunding idea continued to rise as offerings were scheduled for tomorrow on $55,000,000 of Boston Edison and $32,000,000 of Pure Oil obligations.

Government Bonds Active and Higher

NEW YORK, July 16 —(AP)— The corporate bond market kept pointed upward today despite some late irregularity among junior rails and an indifferent performance by prime investments. U. S. government bonds hibernated out in the most active trading in a week or longer but there were enough offerings overhanging the market to keep advances within small fractions among the treasuries and several issues of indirect loans ended unchanged.

A feature of the late trading was a sharp run up in Certainteed Products 5½'s, which made a new 1935 high at 80¾, up 1¼ points on balance, and General Cable 5½'s, which advanced 1¾ points to 91¾. In both instances there was only a small number of bonds involved.

Other bright spots included Manhattan Railway 4's, up 1 point at 67¼, Utility Power & Light 5's, at 44, Interboro 6's, up 1¾ at 62¼, Gotham Hosiery 6's, up 2 at 94 and Laclede Gas 5½'s, up 1 at 76.

There was nothing in the day's news to account for the sudden bursting of activity in investment division which reversed a trend of more than a week. Transfers in this department accounted for $2,380,000 of the total day's turnover of $10,316,000, par value.

GRAINS FALL OFF

CHICAGO, July 16 —(AP)— Profit taking became a depressing factor in the wheat futures market today and prices eased about a cent from early high figures. A late decline in Liverpool wheat values was followed by weakness here but there was no pronounced pressure on the Chicago market. Reports of rust spread in spring wheat in localities on both sides of the Canadian border cushioned the decline.

Wheat closed ⅝ lower to ⅛ higher compared with the previous finish, September 82⅝-⅞; and corn displayed independent strength, ending ⅝ to 1⅜ higher, September 75⅝-76. Oats were unchanged to ⅜ off, rye unchanged to ⅝ off and barley unchanged to ⅝ down. Provisions were firm.

EGGS AND POULTRY

JACKSONVILLE, July 16—(AP)—Eggs, fresh whites average; not weight per dozen, mostly 31/ 20½ on 20; shipped in whites and mixed 24 cts., 20-25. Hens, colored 4 lbs. and up per lb. 17-18; leghorns 15-17. Fryers colored per lb. 19-21; leghorns 19-20. Roosters 09-11.

Shrinking Man Seeks Cure

Having shrunk 10 and a half inches in the last five years, Hans Nelson (left), 52, of Minneapolis, plans to submit to an operation July 15 in hope the shrinkage will be checked. Doctors believe his condition is due to a strange malady that is robbing his bones of calcium. On the right is Theodore Wickman, hospital interne, who stands five feet, 10 inches—just Nelson's height before he started shrinking. (Associated Press photo)

Television Planned Over Long Distance

WASHINGTON, July 16—(AP)— Television, newest marvel in the evolution of communication, will be put on a long distance hookup early in 1936 if the federal communications commission is willing. Dr. Frank B. Jewett, president of the Bell Telephone laboratories, will request the commission tomorrow to approve the installation of a new "coaxial" cable between New York and Philadelphia for television transmission. Permission is expected to be granted.

The improved cable has been used in laboratory experiments to transmit television images which are clear and definite. Research has been carried to the point where it is necessary to test its performance under field conditions.

It is a simple device 7-8 of an inch in diameter and resembling any other lead-covered cable. The core, however, is made up of two side-by-side copper tube conductors, each of which contains a copper wire supported by a series of rubber disc insulators which prevent contact with the tubes. The space between the tube and its shielded wire is filled with air or nitrogen gas. The cable also contains eight ordinary telephone wires.

Production Credit Meeting Arranged

The Bradenton production credit association will hold its annual meeting Thursday, July 18, at 11 a. m. at the municipal pier building in Bradenton. All stockholders are urged to attend. This association is an agency of the farm credit administration and was organized for the purpose of assisting farmers in financing crops, including live stock, dairying and poultry, in the counties of Manatee, Sarasota, Charlotte, Lee, Hendry, Glades and Collier.

RANDALL RITES TODAY

Funeral services for Mrs. Jennie R. Randall, 73, who died Monday at her home on Broadway, will be held at 10 o'clock this morning at the First Baptist church with Rev. C. T. Tew officiating. Friends wishing to view the body are to call at the Lawrence A. Powell chapel before the services. The pallbearers will be Judge David Elmer Ward, W. F. Cone, J. E. Shofner, R. L. Thompson, B. C. Fowler and J. M. Cassell.

HUN ACE IN WRONG

NEW YORK, July 16 —(AP)— Alfred Kleeb, 39, who police said was a German ace in the war was hooked today on five charges after the automobile he was driving crashed into a radio car, injuring two patrolmen. He was held in $2,500 bail for the grand jury. Including in the charges was that of stealing a car. Kleeb said he shot down 14 allied planes in the world war.

Mussolini Tells U.S. Interviewers Peace is Possible

'I Like Roosevelt,' Il Duce Declares; Says African Case Misunderstood

ROME, July 16—(AP)—Premier Benito Mussolini told two American interviewers tonight that peace with Ethiopia was still "possible." Asked whether he was "determined on war with Ethiopia no matter what happens," Il Duce replied:

"I have not said so."

The Italian leader received Hans V. Kaltenborn, New York newspaper man, and Mrs. Scottie McKenzie Frazier, Dothan, Ala., newspaper woman. Contrary to his usual custom, he consented to answer five questions Kaltenborn propounded.

The interviewer gave his questions and Mussolini's answers were as follows:

Q. Are you determined on war with Ethiopia no matter what happens?

A. I have not said so.

Q. Is it not a fact that you have promised your East African case rather badly to the world?

Case Not Understood

A. Yes, the case has not been thoroughly understood.

Q. Would it be possible to harmonize the East African situation by the establishment of a joint Italian, British and French protectorate?

A. Impossible, impossible. Multilateral protectorates are no good.

Q. Does Italy wish to resign from the League of Nations?

A. Not at all. I do not wish to take Italy from the league.

Q. Is there a good chance of peace?

A. Peace is possible.

Kaltenborn said Europe's strong man treated him very cordially, asking interestedly about political conditions in the United States. When the talk drifted to President Roosevelt Mussolini said with characteristic vehemence:

"I like Roosevelt."

UTILITY PROBE TRACES DELUGE OF TELEGRAMS

[Continued from Page One]

signed with names beginning with the letters "A," "B," "C," and "D."

Investigation in five cases, Driscoll said, brought either denials from the purported signers that the messages had been sent, or else a report from telegraph or postal authorities that they could not be located.

Fisher's story was plopped into the committee's lap as it suddenly resumed hearings while awaiting returns from questionnaires sent to all holding companies asking the extent, source and manner, and purpose of disbursement of all funds spent in the battle against the dissolution clause.

Earlier in the day, the house rules committee, trying to wind up investigation of alleged misuse of administration influence in swinging votes for the "death sentence," received testimony from Senator Wheeler (D., Mont.) and Reps. Maverick (D., Tex.) and Rankin (D., Miss.) that they had understood Rep. Brewster (R., Me.) to favor holding company abolition until he voted against it.

U. S. FLYING FORTRESS

SEATTLE, July 16—(AP)—A flying fortress, powered with four 725-horsepower motors capable of driving it at from 200 to 250 miles an hour, was wheeled into the open here today as engineers and workmen placed the finishing touches on their creation for the army air corps.

DOCTOR AND SON

NEW YORK, July 16 —(AP)— The crowd around the stiff form of the boy lying on the beach made way for Dr. Nicholas Arsilan. The doctor peeled off his coat and for four hours calmly used every spic of his professional skill.—in vain. He finally pronounced the 16-year-old boy dead.

A policeman asked if anyone could identify the body.

"I can," said the doctor, "it's my son, Nuhar."

[Continued from Page One]

manual labor projects. Chairman Cecil Turner said the men will work in two weekly shifts of three days each, with approximately 75 to 100 being employed at one time.

The federal emergency relief administration is cooperating, Turner announced, in furnishing trained foremen, tools and transportation. The work will be paid for out of funds set aside previously for mosquito control. The first group will be called for work Thursday morning.

The county commission's action was the first step toward providing more employment since City Manager L. L. Lee declared last Friday that Miami was confronted with the "most serious" relief situation in the city's history.

LEGAL NOTICE

IN THE COUNTY JUDGE'S COURT IN AND FOR LEE COUNTY, FLORIDA. In re: Estate of Harriet T. Bordelon, deceased.

NOTICE TO CREDITORS

To all creditors, legatees, devisees and all persons having claims or demands against the Estate of Harriet T. Bordelon, deceased:

You and each of you are hereby notified and required to present such claims or demands which you or either of you may have against the Estate of Harriet T. Bordelon, deceased, to the Honorable David Elmer Ward, County Judge of Lee County, Florida, at his office in the County Court House in the City of Fort Myers, Lee County, Florida, within twelve (12) months from the date hereof, or the same will be barred.

Dated at Fort Myers, Florida, this 9th day of July, A. D. 1935.

A. M. TITE,
As Administrator of the Estate of Harriet T. Bordelon, deceased.

July 10, 17, 24, 31, Aug. 7, 14, 21, 28, Sept. 4, 1935.

PROCESSING TAX IS KNOCKED OUT; U. S. TO APPEAL

[Continued from Page One]

alongside NRA, the capital felt that likelihood of the predicted "constitutional" issue in 1936 would be measurably increased.

The Boston blow, second in as many days, prompted an immediate demand in the senate by the democratic Tydings of Maryland for a "return to fundamentals."

He named these, in response to an inquiry from Senator Barkley (D., Ky.), as a balanced budget and the end of attempts to raise prices and restrict production. Senator Norris (R., Neb.) upheld the AAA.

Most official and congressional quarters were disinclined to comment on the decision, against processing taxes, and the one in Cincinnati yesterday adverse to slum clearance plans, pending study of the opinions.

Coming as these did at a time when the administration is under attack as hostile to the constitution, intensification of that bombardment was expected by many to result. When and how President Roosevelt will undertake to meet it was conjectural.

TAMPA CIGAR SUIT

TAMPA, July 16—(AP)—Ten Tampa cigar manufacturers filed suit in federal district court here today attacking the validity of the AAA processing tax on leaf tobacco, held unconstitutional as to cotton processing by the United States circuit court of appeals at Boston.

The cases filed here all named as defendant J. Edwin Larson, both individually and as United States collector of internal revenue for the district of Florida, and seek a temporary restraining order to enjoin "the collection or attempts to collect said taxes in any manner." The prayer also seeks a court decree declaring the AAA and the processing tax unconstitutional.

CRAWFORD GETS OFF ON ASSAULT, BATTERY CHARGE

[Continued from Page One]

were Charles A. Powell, jr., foreman, Charles Lentlich, W. F. Lanier, J. E. Shofner, B. W. Chapman and Murl Carter. Steve Jones, negro, estreated a $25 bond for charges of aggravated assault.

Sidney Weise pleaded guilty to taking a gill net which belonged to Frank Nattasi. A case of assault and battery against Eugene Bailey was nolle prossed at the request of L. B. Blusser who brought charges.

Sentences meted yesterday by Judge David Elmer Ward were, Ira Scott, negro, convicted of drunkenness, one-half costs or 10 days in jail; Frank Patterson, drunkenness, $15 to include costs or 12 days; Louise Cook, negress, drunkenness, $1 and costs or 12 days in jail; Jack Brown, drunkenness, $2 and costs or 12 days in jail.

Cases up for trial today are Elmer Lee Cochran for hog stealing, Tom Vel for reckless driving, Will Shuman, negro, petty larceny, Manuel Johnson, negro, assault and battery.

PRICE FIXING PASSES SENATE BY TWO VOTES

[Continued from Page One]

ing is predicated upon an agreement of the producers, not only of the handlers."

Byrd challenged him to show where the producers had any voice in the price fixing by handlers. Smith agreed it was not entirely as clear as he would like it and offered to accept an amendment making any price fixing provision subject to sanction of a majority of the growers.

"If you are in favor of price fixing as a general principle," Byrd insisted, "why not take every food product and fix the price, without limiting it to the few items in this bill?"

"Simply," Smith replied, "because a quarter grain of strychnine may be a title is no reason I should take a fat full. It is an unanswerable commentary upon the members of this body that an attempt should be made to deny farmers the right to fix prices while every other industry assertedly enjoyed it."

Administration leaders sought in vain to curb debate on the bill by limiting speeches to 30 minutes; but Minority Leader McNary said there was a possibility of reaching an agreement on this score time tomorrow after "several important amendments" are acted upon.
